Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Sunday 05 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Some sunshine developing today, although a few showers too.

Today:
A rather cloudy start to the morning across the region with the odd shower. Some bright or sunny spells developing during the day, although still a chance of a light shower. Windy this morning, but lighter winds later. Feeling cold. Maximum temperature 7 deg C (45 deg F).

Tonight:
Dry and cold this evening with a frost developing. Winds falling light with a few fog patches forming. Temperatures rising later overnight as cloud thickens bringing rain around dawn. Minimum temperature -2 deg C (28 deg F).

Monday:
Cloudy with outbreaks of rain during the morning, some heavy. This clearing to brighter skies by early afternoon with sunny spells and showers. Turning quite windy later. Feeling rather cold. Maximum temperature 9 deg C (48 deg F).

Outlook for Tuesday to Thursday:
Very windy on Tuesday with further rain arriving from the west, this turning showery later. Staying unsettled and windy on Wednesday and Thursday with showers and some sunshine at times.
